

# Process Wastewater Treatment Facility

“We’re committed to doing what is right for our Co-op and the community.”

## Why do we need one?

- ✓ Improve water quality
- ✓ Improve sustainability of nutrient management farms

We’re proposing a tank based system versus a pond.

## Factors that decide location

- ✓ Zoning
- ✓ Proximity to neighbours
- ✓ Noise
- ✓ Odour
- ✓ Visual impacts
- ✓ Access to services
- ✓ Traffic
- ✓ Cultural considerations
- ✓ Land suitability
- ✓ Cost
