

Fonterra Graduate Technical Programme

Gain your Masters of Dairy Science and Technology and accelerate your career

Imagine tomorrow as a Te Mātāpuna Fonterra Graduate. Learning, developing, and gaining hands-on experience while immersing yourself in a programme with over 50 years of success. Whether your background is in engineering, food technology, science, or environmental studies, this is your opportunity to build a diverse and rewarding career.

Over 12 months, you'll undertake research projects, gain deep dairy knowledge, and experience life on-site across New Zealand. With support from industry experts, a strong network, and a guaranteed first role, you'll be set up for success, wherever your future takes you. So, if you're ready to make something of your career, imagine tomorrow, today.

Who are we looking for?

- STEM students with a minimum of a 4-year degree with honours in Engineering, Food Technology, Science or Environment
- Attained a B grade average
- New Zealand citizens or New Zealand permanent residents
- People with a full driver's licence before the start of the programme (end – November)
- People with flexibility to travel across New Zealand
