

# In our Communities

## Our Co-operative was created through a community of people working together to help each other.

The communities we are part of have always been important to us, and it's through Hapori - meaning community, kinship and coming together for a common cause that we intend to continue to create meaningful impact in our communities.

## How we will work in our local communities

We understand that each region will have varying needs. We want to work with our communities to understand what matters most. We do this by pro-actively reaching out to iwi's, schools and other community groups.

We form a team of people who are passionate about our community

Through our relationships we gain an understanding of what our community needs are

Recognising our strengths, acknowledge where we can make an impact in our communities

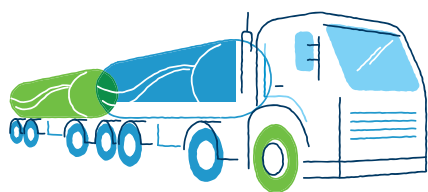

We build a community plan to make a positive difference & through Manaakitanga & Kaitiakitanga we work to leave things better than we found them

## What are we doing to support our communities.

We are trying to think broader than just funding – by building long-term relationships, using our skills and resources where possible & offering help & support.

Donating our products for fundraising events like bake sales

Our wonderful tanker drivers & our fleet have helped with many meaningful causes including droughts and even supporting local BBQ's

Having our passionate Fonterra people share their knowledge

Supporting our communities with planting days - either through donations or volunteering

## Who's the regional community lead

Northland - Aide Shortland Mendez

Auckland - Natalia Mamea

Matamata/Piako - Kelsey Hare

South Waikato - Wendy Beckett

Waikato/Hamilton - Penny Harris

Bay of Plenty - Keryn Mullins

Taranaki - Anne Tippett

Central Districts - Jamie Smith

Upper South Island - Cameron Neale

South Canterbury/North Otago - Nola Turner

Otago/Southland - Angela Lines
